BEFORE THE
TEXAS ETHICS COMMISSION
SC-2510168

ORDER and AGREED RESOLUTION

I. Recitals

The Texas Ethics Commission (the commission) met on May 11, 2006, to consider sworn complaint SC-2510168. A quorum of the commission was present. The commission determined that there is credible evidence of violations of section 254.031(a)(8) of the Election Code, a law administered and enforced by the commission. To resolve this complaint without further proceedings, the commission proposes this resolution to the respondent.

II. Allegations

The complaint alleges that the respondent failed to report political contributions maintained as of the last day of the reporting period on the January 2004 and July 2004 semiannual reports, and on the 30-day and 8-day pre-election reports for the May 2005 uniform election.

III. Facts Supported by Credible Evidence

Credible evidence available to the commission supports the following findings of fact:

1. The respondent was the campaign treasurer of the Austin Firefighters PAC, a general-purpose committee (the committee) when the committee's July 2004 semiannual report and 30-day and 8-day pre-election reports for the May 2005 uniform election were filed.
2. The respondent filed the committee's reports electronically using the commission's software.
3. The evidence indicates that the committee had no election related activity during the period covered by the 30-day pre-election report due in connection with the May 2005 uniform election. Therefore, the committee was not required to file the 30-day pre-election report.

4. The committee's July 2004 semiannual report and the 8-day pre-election report show \$0.00¹ in contributions maintained.
5. The committee's January 2004 semiannual report discloses \$16,940.40 in total political contributions and \$2,100 in total political expenditures.
6. The committee's July 2004 semiannual report discloses \$18,412.84 in total political contributions and \$550 in total political expenditures. The committee's 8-day pre-election report discloses \$3,045.36 in total political contributions and \$1,809.77 in total political expenditures.
7. The committee filed corrected reports that disclosed the political contributions maintained as of the last day of the reporting period.

IV. Findings and Conclusions of Law

The facts described in Section III support the following findings and conclusions of law:

1. A campaign finance report must include the total amount of all political contributions maintained as of the last day of the reporting period. ELEC. CODE § 254.031(8).
2. A general-purpose committee report is required to be filed by the campaign treasurer. ELEC. CODE §§ 254.153 and 254.154.
3. The evidence shows that there were contributions maintained as of the last day of the reporting period for the July 2004 semiannual report and the 8-day pre-election report for the May 2005 uniform election. Therefore, there is credible evidence that the respondent violated section 254.031(8) of the Election Code.
4. Because the respondent was not the committee's campaign treasurer during the period covered by the January 2004 semiannual report, there is credible evidence of no violation as to that report.

V. Representations and Agreement by Respondent

By signing this order and agreed resolution and returning it to the commission:

1. The respondent neither admits nor denies the facts described under Section III or the commission's findings and conclusions of law described under Section IV, and consent to the

entry of this order and agreed resolution solely for the purpose of resolving this sworn complaint.

2. The respondent consents to this order and agreed resolution and waives any right to further proceedings in this matter.
3. The respondent acknowledges that a campaign finance report must include the total amount of all political contributions maintained as of the last day of the reporting period. The respondent agrees to comply with this requirement of the law.

VI. Confidentiality

This order and agreed resolution describes violations that the commission has determined are neither technical nor *de minimis*. Accordingly, this order and agreed resolution is not confidential under section 571.140 of the Government Code and may be disclosed by members and staff of the commission.

VII. Sanction

After considering the seriousness of the violations described under Sections III and IV, including the nature, circumstances, and consequences of the violations, and after considering the sanction necessary to deter future violations, the commission imposes a \$1,000 civil penalty on the respondent for the violations described under Sections III and IV.

VIII. Order

The commission hereby orders that if the respondent consents to the proposed resolution, this order and agreed resolution is a final and complete resolution of SC-2510168.
